

Dear St. Jude Corvette Drive Participants,

As a member of our St. Jude family, your personal health and safety, as well as the health and safety of our patients, families, staff and supporters is at the forefront of everything we do. Like many of you, we are busy with plans to protect health as well as minimize negative impacts as the COVID-19 virus moves across the United States. Out of an abundance of caution and respect for your time and personal safety, we feel it is best to postpone our upcoming St. Jude Corvette Drive, May 14th & 15th event to August 20th & 21st, 2020.

We hope you will understand our decision, and know we make it with your best interests in mind. We understand this date may not work in everyone's schedule. Please reach out to Jill Libert, Jill.Libert@stjude.org if you will not be able to make the trip.

Your support of St. Jude Children's Research Hospital is important now, more than ever. St. Jude must continue to provide cutting-edge care for some of the world's sickest children and invest in research of life threatening illnesses. Your investment in St. Jude is an investment in clinical discoveries that save lives everyday here in the United States, and all across the globe. As a reminder to all of our dedicated and valued supporters, we are asking you to pause.

Our mission would not be possible without you being part of our family. Thank you for all you do to support the St. Jude Corvette Drive.

Warmest regards,

Mike McCoy, Chairman
Andrew Black, President
