WHY SUPPORT ST. JUDE?

St. Jude Children’s Research Hospital is leading the way the world understands, treats and defeats childhood cancer and other life-threatening diseases.

When St. Jude opened in 1962, childhood cancer was largely considered incurable. Since then, **St. Jude has helped push the overall survival rate from 20% to more than 80%**, and we won't stop until no child dies from cancer.

Families never receive a bill from St. Jude for treatment, travel, housing, or food - so they can focus on **helping their child live**.

Every child deserves a chance to live their best life and celebrate every moment. When you support St. Jude, **you can help make cures possible for kids with cancer**. Together, we can save more lives.
